

CLE Financial Aid Policy

Should an attorney require a discount or waiver of the course fees listed for a particular CLE, they should email a written request for a waiver to info@xanalytics.com. Please be sure to include the course you wish to take in the letter. All requests for waiver will receive a written response within 10 business days of receipt.

All requests must include proof of unemployment or income and will be evaluated based upon need. Relevance to an attorney's practice area will NOT be considered when deciding to grant a financial aid request. All requests for financial aid from solo practitioners will be granted based on the following:

Unemployed	100% discount
Income below \$30,000	100% discount
Income \$30,000 to \$50,000	50% discount
Income above \$50,000	No discount

Attorneys who are employed by a firm and wish to apply for a fee waiver should also include proof that their employer is not covering the cost of the course.

Attorneys who are employed in the public sector and wish to apply for a fee waiver should include proof that (1) their employer is not covering the cost of the course, and (2) their employer is a registered 501(c)(3) organization.

All requests are kept confidential.
