

Anti-Money Laundering Awareness for Money Service Businesses (MSBs) Refresher Training Course 2026

Course Outline

This Anti-Money Laundering (AML) Refresher training is intended to reinforce key concepts, regulatory requirements, and practical strategies to help ensure compliance and protect the firm from risks associated with money laundering and other illicit activities. MSB firms are required to register with the U.S. Financial Crimes Enforcement Network (FinCEN) and meet several regulatory requirements. This course is designed to satisfy the FinCEN requirement that MSBs provide regular AML training to their employees.
